

Museum Detective

The Museum detective is on the trail of some fabulous museum objects. Follow his clues and see what you can discover.

Don't forget to borrow a torch!

Detective's Name:

Location: Pitt Rivers Museum

Things to take:

- pencil
- notebook
- torch
- extra socks (just in case!)

*note to self:
this place is crammed full
of objects and is really
dark in places.
Remember to use your torch
and to look absolutely
everywhere for clues!*

The museum has lots of places to hide special objects.

I must find something:

inside a drawer

object found:

under a case

object found:

hanging from the ceiling

object found:

The strangest place I saw an object was:

.....

There are so many things made from lots of different materials.
I'm on the hunt for something:

made of gold object found:

made of bone object found:

made of plastic object found:

I must find objects which match these clues...

clue 1: beautiful, big, patterned object found:

clue 2: colourful, smooth, ugly object found:

clue 3: scary, small, low down object found:

I've searched the whole
museum and this is my
favourite object

Sketch it here:
